Dear Mr. Yardley,

This crap is also the oldest of that junk. very oldest, too!

As I think I indicated, I want t o leave a record for history on this cheap and to me disgraceful commercialization and exploitation.

In a separate file, that is.

From a brief glimpse of a loaned revi w copy I must return, it is apparent that this junk is shot full of careless and ignorant errors.

What a subject, what an occasion for ignorance or cheapness!

Sincerely,

Harold Weisberg
